

# **Stephanie Batliner**

## **Chair, Generic Animal Drug Alliance**

### **Generic Animal Drug Alliance**

#### **1999-present**

Stephanie Batliner serves as the Chair of the Generic Animal Drug Alliance (GADA), elected to the current term in October 2020. GADA is a US based independent professional trade organization that represents the interests of generic animal drug sponsors and industry stakeholders such as manufacturers, distributors, suppliers and service providers. Stephanie has participated at varying levels of leadership with GADA beginning in 1999 (at that time named Animal Drug Alliance), including working subgroup Chair, Vice Chair, as well as previous terms as Chairperson.

### **Bimeda, Inc.**

#### **February 2018 – present**

VP Regulatory Affairs and R&D North America – responsible for high level strategic and operational regulatory and developmental direction and mentorship on North American projects, with a focus on generic animal drugs across a wide range of finished product dosage forms. Stephanie joined Bimeda, Inc. in February 2018 as the Director, Regulatory Affairs, North America.

### **Previous Experience**

Stephanie has worked in the animal drug industry for nearly 30 years across varying roles in R&D, Regulatory Affairs, Quality Assurance, and Quality Control.
